SUMMARY

About me
Passionate and well trained in Computer Science and Information Systems through the BSc IT program at North-West University. I consider myself highly motivated and detail-oriented graduate with hands-on experience and a strong foundation in database management, IT infrastructure and software development with the ability to use a wide variety of programming languages to build scalable and efficient solutions. I consider myself a team player and easy to work with in a group setting with a proven ability to analyze a problem, develop a creative solution, and deliver results. I am also very eager and willing to learn and gain further experience and contribute to a dynamic team and help drive innovative solutions within a fast-paced environment.

SKILLS

Technical:

- **Programming Languages:** Java, C#, C++, Structured Query Language (SQL), Python
- **Microsoft Office:** Word, PowerPoint, Excel
- **Building Information Modeling Software:** Revit, AutoCAD, TurboCAD, Sketchup
- **Adobe Programs:** Photoshop, Indesign, Adobe Acrobat
- **Database Management**
- **Windows**
- **Data Analysis**
- **Development Tools:** Atom, BlueJ, Notepad ++, Visual Studio, Visual Studio Code, CodeBlocks, Oracle

Soft Skills:

- Teamwork
- Adaptability to any environment
- Effective communication
- Problem Solving

Experience

Through the BSc IT program I have gained experience in not just identifying problems and developing a solution through individual projects, tests, and assignments, but I have also had the opportunity to work in multiple group-oriented projects allowing me to develop and enhance many skills required for a group setting.

Education

Marist Brothers Linmeyer
